

SARASOTA BRADENTON INTERNATIONAL CONVENTION CENTER

EVENT GUIDE

2008

Space Rental Information & Requirements

Event Booking Policies

- The Sarasota Bradenton International Convention Center's primary objective is to attract events that generate the highest economic benefit to the Center. A secondary objective is to promote the surrounding geographic area and to have a positive impact on its business community through the marketing and booking of the Center.
- First Priority scheduling is for those events deemed by the Sarasota Bradenton International Convention Center (SBICC) as providing the most revenue for the Center. These are usually events that book the full Exhibit Hall for multiple days. There are no time constraints on when First Priority events can be booked.
- Second Priority scheduling is for those events deemed by the SBICC as providing less revenue for the Center than typical First Priority events. These events are usually for a single day and/or do not book a full Exhibit Hall or book only Conference Rooms. Scheduling for these events is normally no more than 6 - 8 months in advance of the event.
- Within each priority category, the SBICC will give preference to recurring events held on an annual or more frequent basis with a proven record of success that have produced significant revenue for the SBICC.
- The SBICC requires a signed Lease Agreement and the payment of all specified deposits prior to the confirmed scheduling of an event. The agreement must be received and acknowledged by the SBICC. However, facilities and dates may be held as "firm" upon receipt of a letter of confirmation signed by both the event sponsor and the SBICC General Manager, pending the preparation, negotiation, and execution of a Lease Agreement. In the event such a letter of confirmation is signed by both the event sponsor and the SBICC General Manager, no conflicting scheduling will be made during a reasonable period for preparation, negotiation and execution of a Lease Agreement.
- Selling of exhibit space, public announcement of event date and release of publicity regarding the event is not permitted until a Lease Agreement has been executed by the event sponsor and the SBICC and the required deposit has been paid.
- Consumer shows open to the public are protected from similar or competing shows 60 days prior to the first show day and 60 days after the last show day. Competing shows are defined as shows that have at least 25% of exhibitor areas similar in nature and scope. The determination of a competing show is solely within the discretion of the SBICC General Manager, unless stated otherwise in the Lease Agreement.
- The SBICC reserves the right to issue, modify or terminate booking commitments in order to operate the facility in a sound business manner that maximizes economic benefits and financial stability. The SBICC also reserves the right to promote, solicit, develop, and schedule events that meet its financial objectives and to qualify all events requesting space at the SBICC. All factors being equal.
